# ACS Overview

An ongoing monthly survey sent to 3.5 million addresses

- Data collection through four modes: Internet, Mail, Telephone, Personal Visit

Annually produces 1-year and 5-year period datasets:

- Detailed population and housing estimates previously collected on the decennial long form
- *Critical information on small areas and small population groups*
- Over 11 billion estimates for over 35,000 communities

The image displays three overlapping representations of the American Community Survey (ACS) materials. The topmost document is a paper questionnaire titled 'Housing' with various questions and checkboxes. Below it, a computer monitor shows the online survey interface, featuring a 'Welcome to the American Community Survey' message, a barcode, and a 'Please Log In' section with a 'User ID' field. The bottom-most image is a smartphone screen showing the survey app interface, which includes a 'Start Here' section and a 'Please Log In' section with a 'User ID' field. The background of the slide features a stylized map of the United States.

# Small Area Census Geography

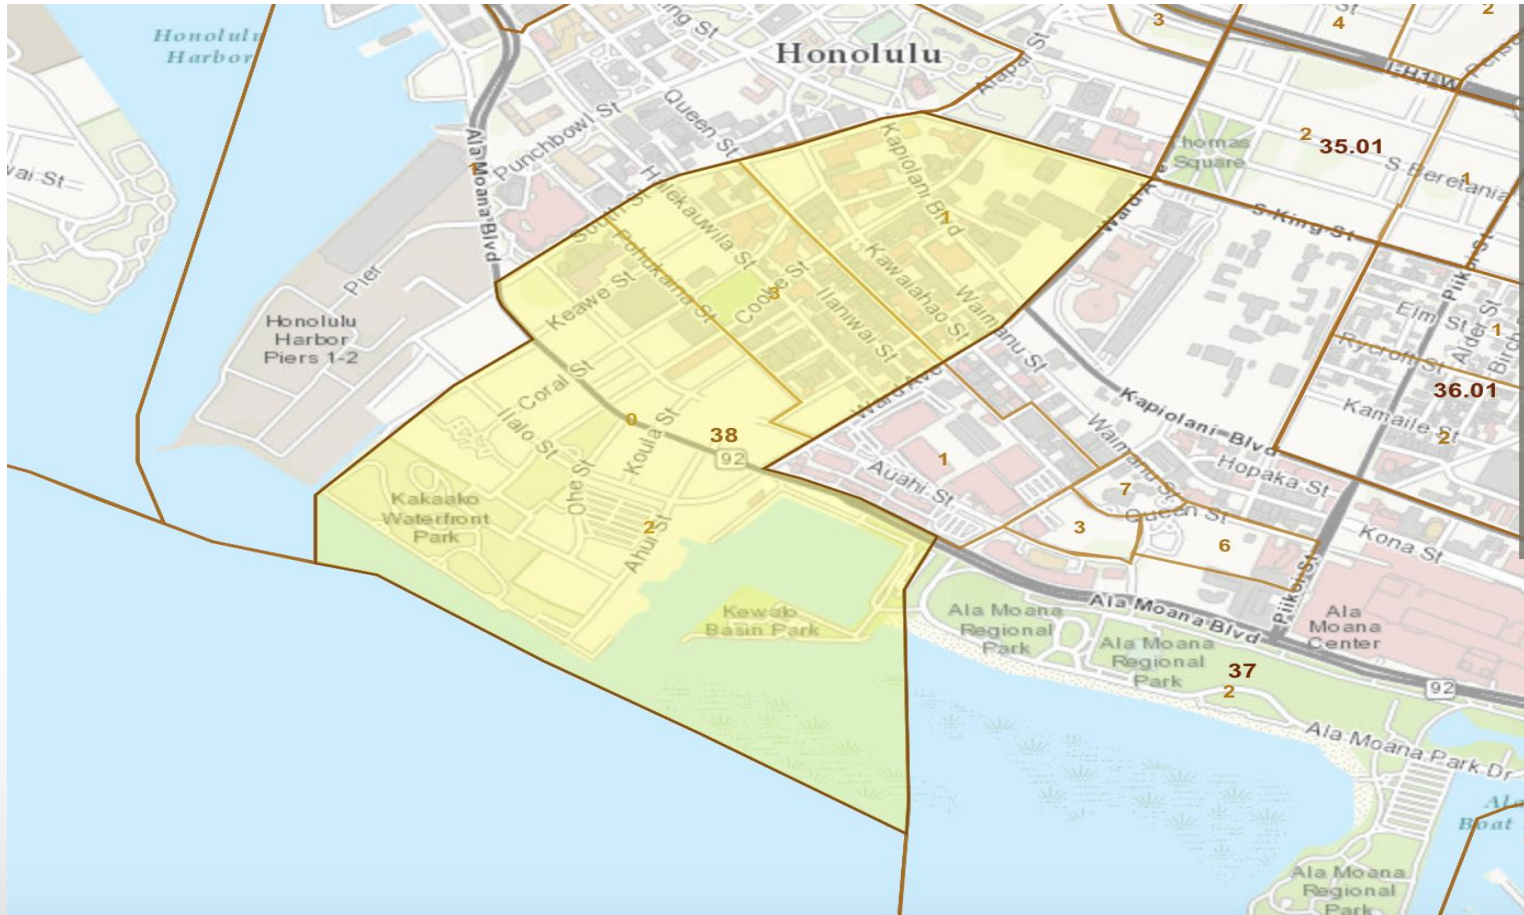

## How it Fits Together

**Census Tract > Place (City or CDP) > Census County Division (CCD) > County**

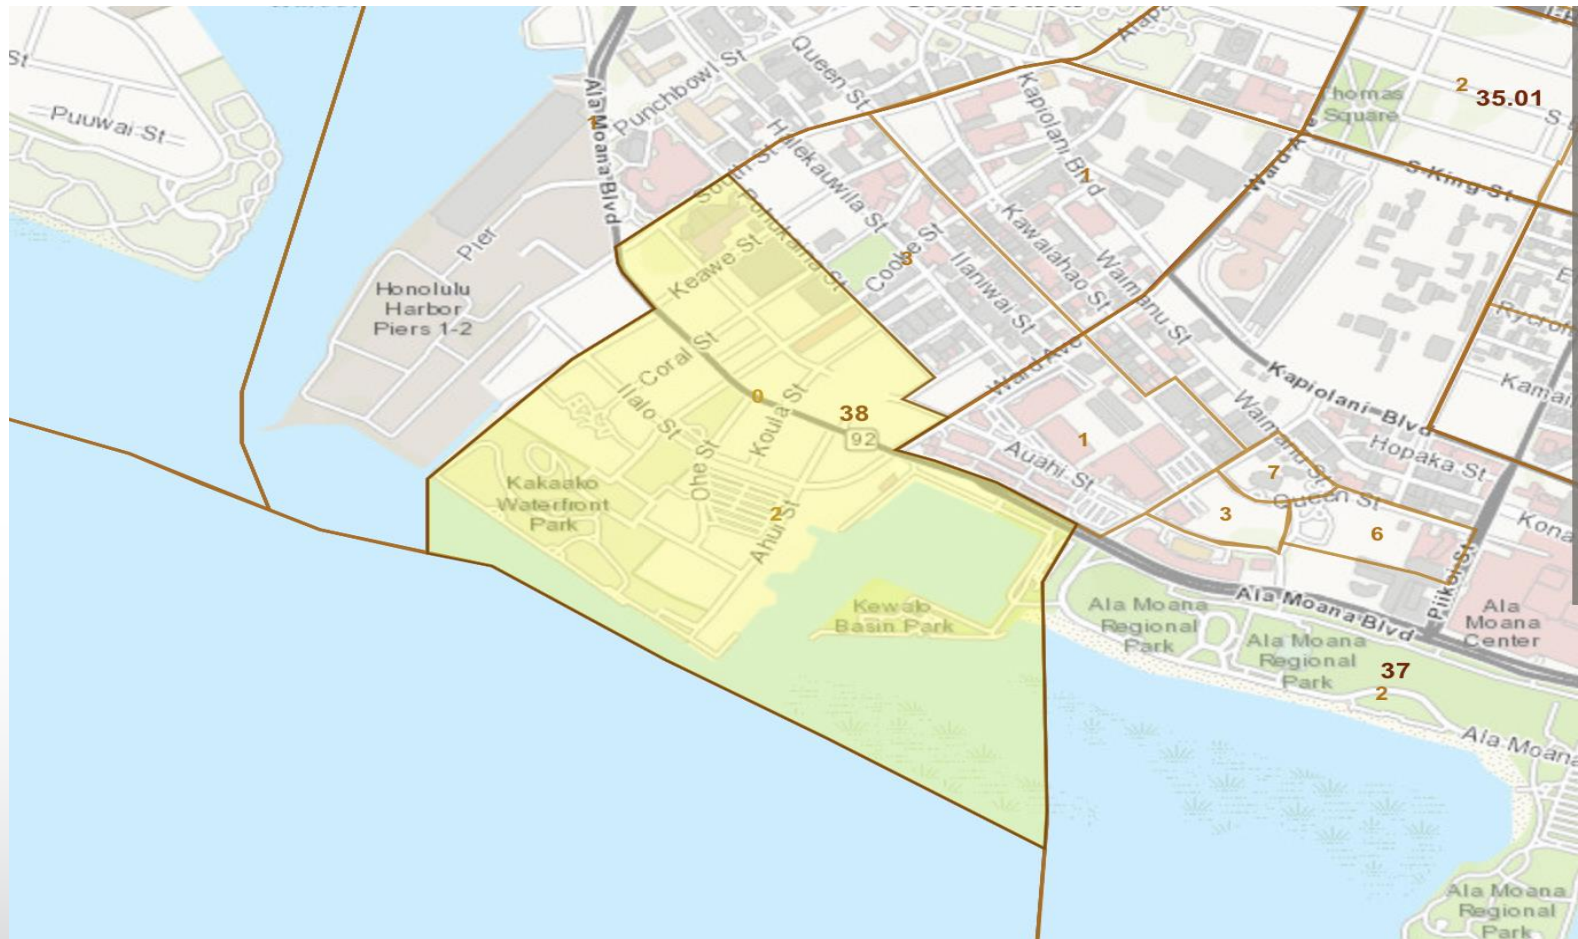

# Census Tract 38, Honolulu County, HI

- **Census Tracts** generally have a population of 1,200 to 8,000 (optimum **4,000**) and follow physical boundaries.

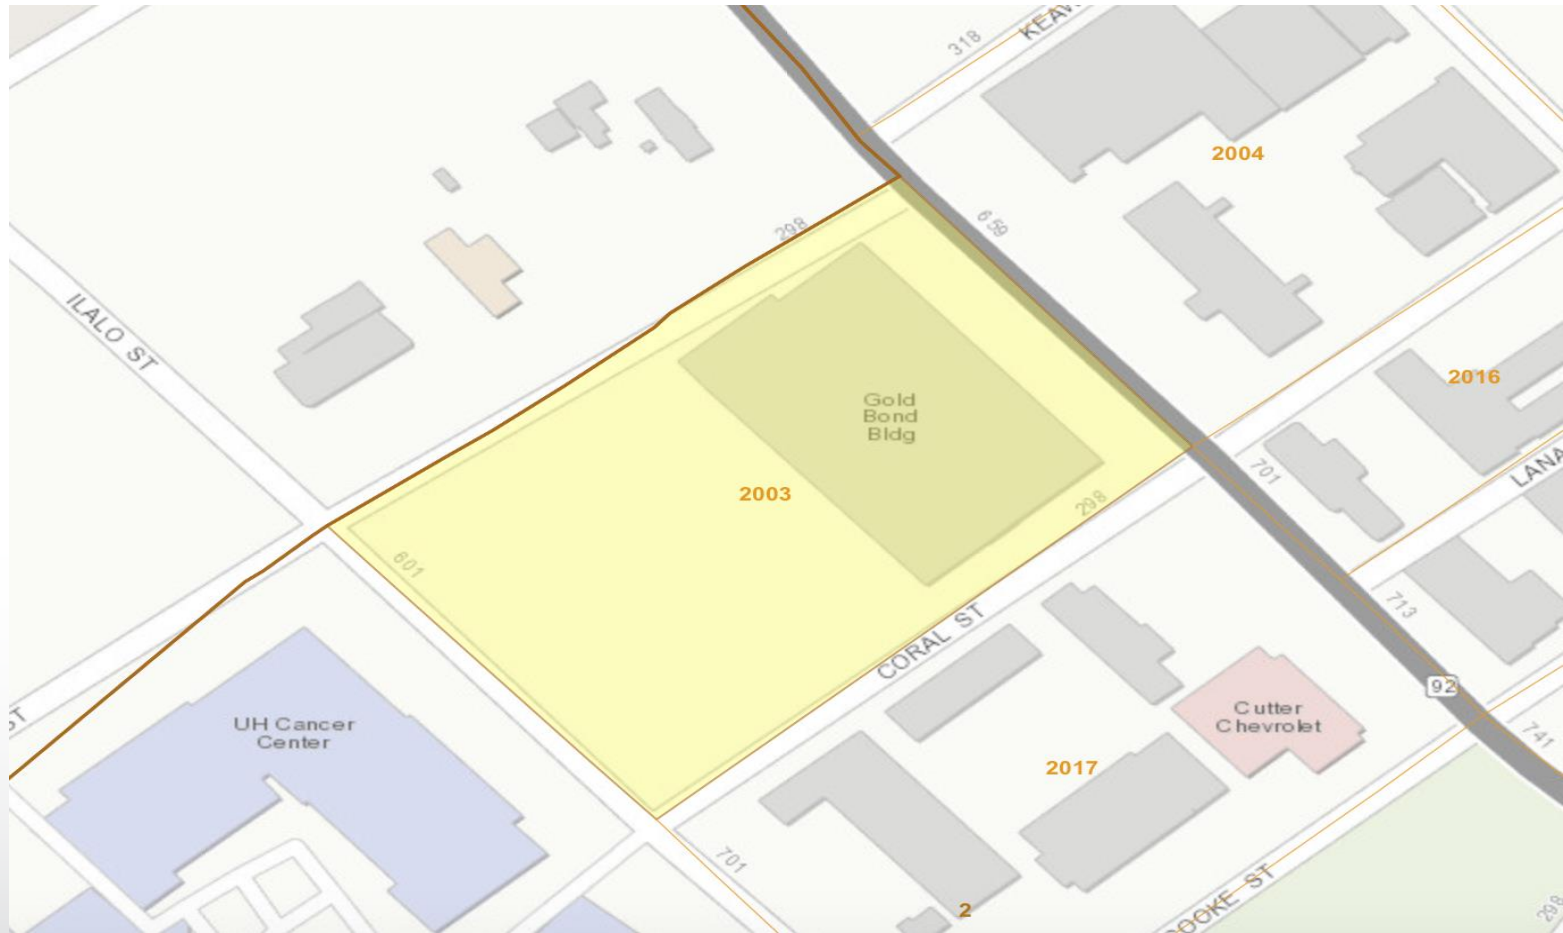

# BG 2, Census Tract 38, Honolulu County, HI

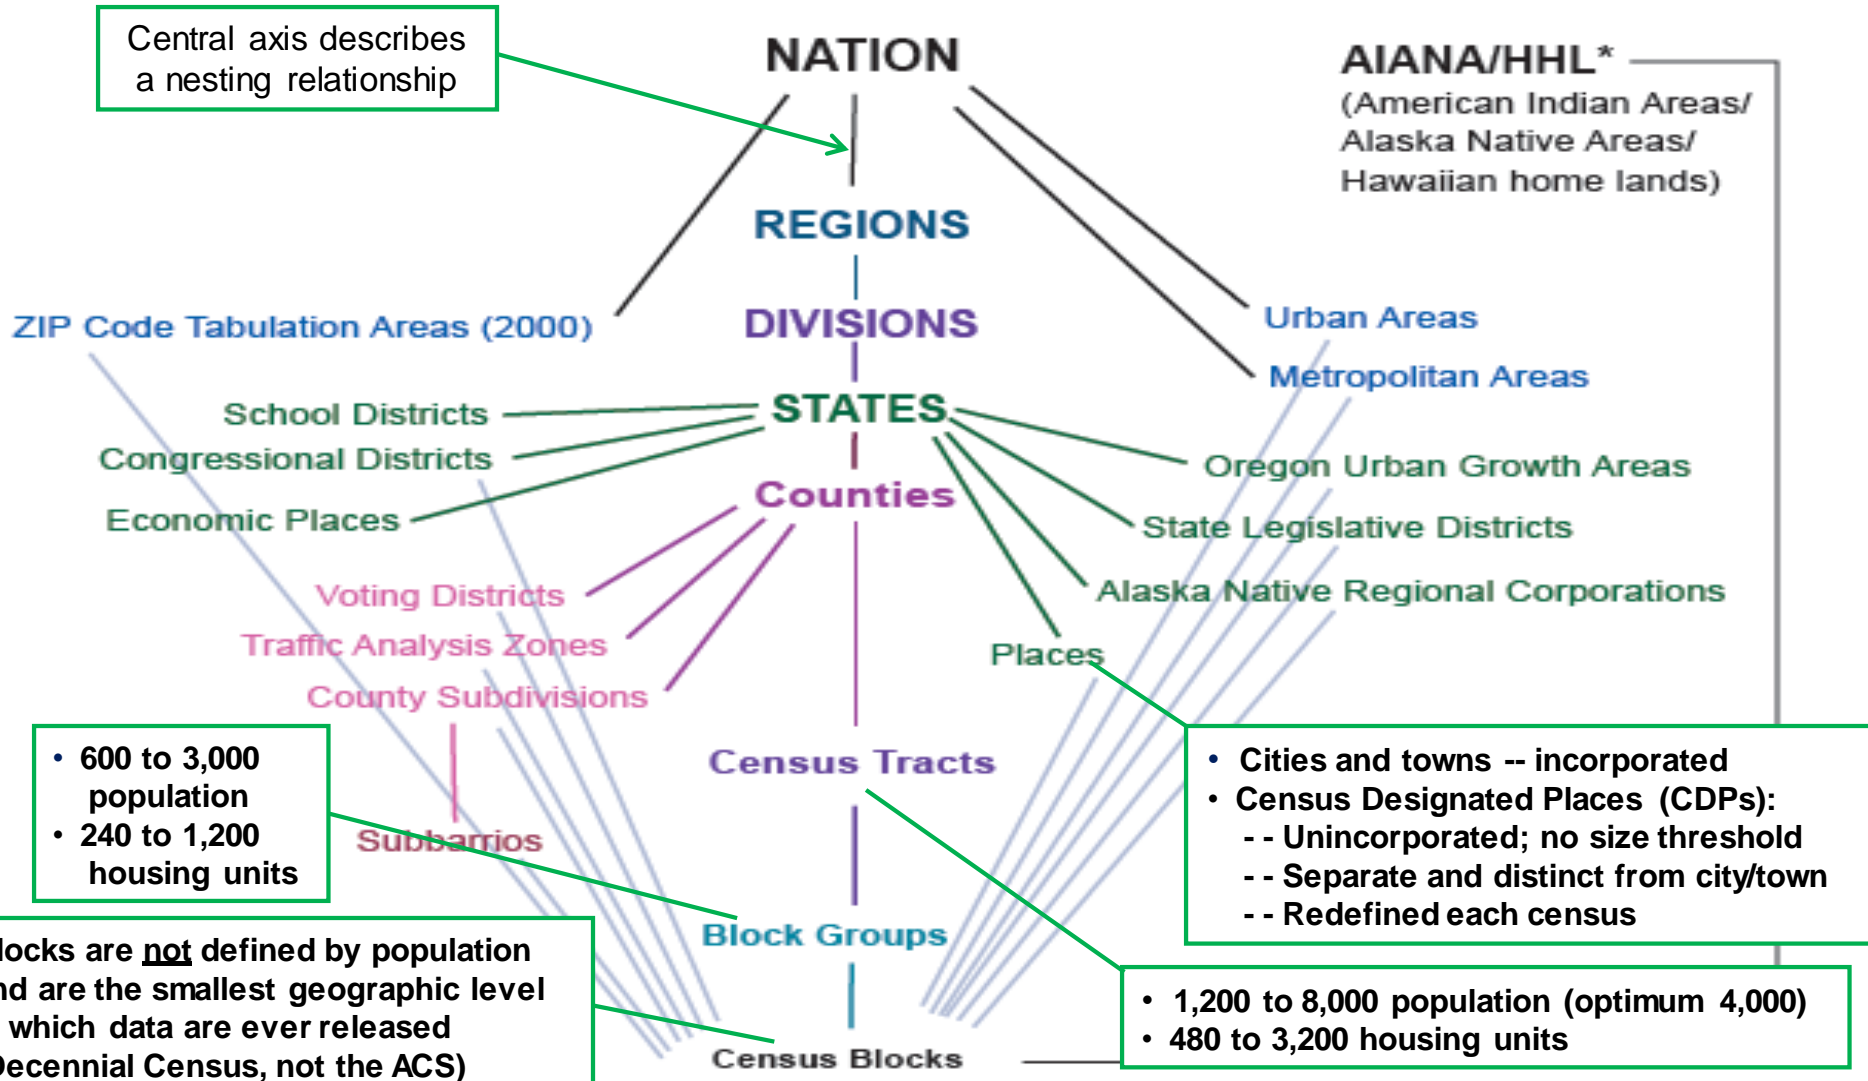

- **Block Groups** generally have a population of 600 to 3,000 (optimum 1,500) and follow physical boundaries.

# Block 2003, BG 2, Tract 38, Honolulu County, HI

- **Blocks**: the smallest geographic level for which census data is available. No population threshold. Size varies.

# Narrative Profiles

## Population and Housing Narrative Profile 2009-2013 American Community Survey 5-Year Estimates

Select a New Geography

While the ACS produces sample-based population group and housing estimates used in this report, the Census Bureau's Population Estimates Program produces and disseminates official estimates of the population for the nation, states, counties, cities and towns, as well as estimates of housing units for states and counties. For more information see: <http://www.census.gov/popest/>

Note that for small geographic areas, the sample used for the Narrative Profile may be small as well. Users are encouraged to examine the detailed tables on [American FactFinder](#) that are associated with the Narrative Profile text. These tables provide additional information on sampling variability associated with the estimates in this report.

The screenshot shows the American FactFinder website. At the top, there's a header with the U.S. Department of Commerce logo, the United States Census Bureau logo, and the American FactFinder title. A navigation bar includes links for MAIN, COMMUNITY FACTS, GUIDED SEARCH, ADVANCED SEARCH, and DOWNLOAD CENTER. A language selector shows English and Spanish. A banner message states: "The U.S. Census Bureau's newly designed American Community Survey (ACS) website is now available." Below this, the "Community Facts" section is highlighted, with a description: "Find popular facts (population, income, etc.) and frequently requested data about your community." A search box prompts the user to "Enter a state, county, city, town, or zip code:" with an example "e.g., Atlanta, GA" and a "GO" button. To the right of the search box is a large image of a smiling young woman. Below the search box are links for "Guided Search", "Advanced Search", and "Download Center". The "Popular Tables" section lists various data tables under three categories: "Population and Housing" (Annual Population Estimates, Demographic and Housing Estimates, General Housing Characteristics, General Demographic Characteristics), "Poverty and Income" (General Economic Characteristics), and "Age, Race, Sex and Education" (Selected Social Characteristics, Educational Attainment). At the bottom, there's a "News and Notes" section with a date of June 02, 2015, and a "GET EMAIL UPDATES" button.
